

6. How can I watch the lottery?

The lottery will stream live on the @EnrollBuffaloCharters YouTube Channel, [Youtube.com/@EnrollBuffaloCharters](https://www.youtube.com/@EnrollBuffaloCharters). To protect your privacy, a unique ID will be used to identify each student. To find your student's ID:

- Log into Avela
- On the homepage, select the three dots next to the student and application year
- In the menu that appears, select View Form ID
- Your Form ID will display on the screen. This is the ID you should look for in the lottery results.

7. My child was placed on the waitlist - what does that mean?

If your child isn't initially offered a seat but is placed on a waitlist, they may receive an offer later if spots become available

- The lottery and student priorities determine your child's position on the waitlist
- Waitlists are only valid for the school year to which you applied – waitlists do not roll over to the following school year
- Your child will remain on all waitlists they were already assigned to, even after accepting an offer
- If your child is offered a seat from any waitlist, you can:
 - Accept the new offer and withdraw from your current school, OR
 - Decline the new offer and keep your current placement

8. Can I change my mind after accepting an offer?

If you change your mind after accepting an offer, you can:

- Accept an offer from any waitlist if a seat becomes available
- Contact Enroll Buffalo Charters to discuss other options, which may include being placed at the bottom of waitlists for schools where you're not already waitlisted

9. How do I know when to register at my child's new school?

After accepting an offer, you will receive registration information directly from the school. Each school has its own registration process and deadline.

10. What if I don't receive any offers?

If your child doesn't receive any initial offers, they will remain on waitlists for all the schools you ranked. Contact Enroll Buffalo Charters for guidance on next steps and additional options.
